

**Shaken Knot Stirred Cruise Report**  
ChoptankS Shakedown Cruise  
May 15 -16 , 2025

The cruise was originally planned for May 13 - 15, with the 1st night in Fishing Creek, Little Choptank and a night at Boby Owl Cove, Broad Creek. BUT, then there was the inhospitable weather. The cruise was rescheduled once and slid back one day due to high winds and rain. . . then slid another day later and only to Boby Owl Cove. Sounds way too similar to our shakedown cruise of last year!

**Wednesday May 13 -**

4 local couples decided to have dinner at Momma Maria's in Trappe to soothe our frustrations. It helped!

**Thursday May 14 -**

While the winds were still up, the Bachelor Point crews decided to have a dockside happy hour with appetizers on **Last One**. **Mistral** and **Shaken Knot Stirred** attended.

**Friday May 15 -**

Finally the winds subsided . . . and 5 boats got to enjoy a little sailing and a beautiful sunset! We met and anchored out at Boby Owl Cove and Denny S. dinghied people to Shaken Knot Stirred for dinner. Barbara P. served an appetizer, a gumbo soup with muffins as well as a dessert! A wonderful 1st evening on the hook for us.

**Saturday May 16 -**

All the boats returned to home ports for weekend commitments. Shaken Knot Stirred spent an hour FaceTiming with techies in an effort to fix a new but funky chart plotter. (and we're still working on it)

**Cruise Nights:**
